VIEH Money Program Guide

Oct 27, 2026 · VIEH Group

About the program

VIEH Money is a learn-and-earn program by VIEH Group: anyone can do small tasks to get VIEH Group courses for free, or do real work to earn real money. There is no joining fee, and no technical skills are needed.

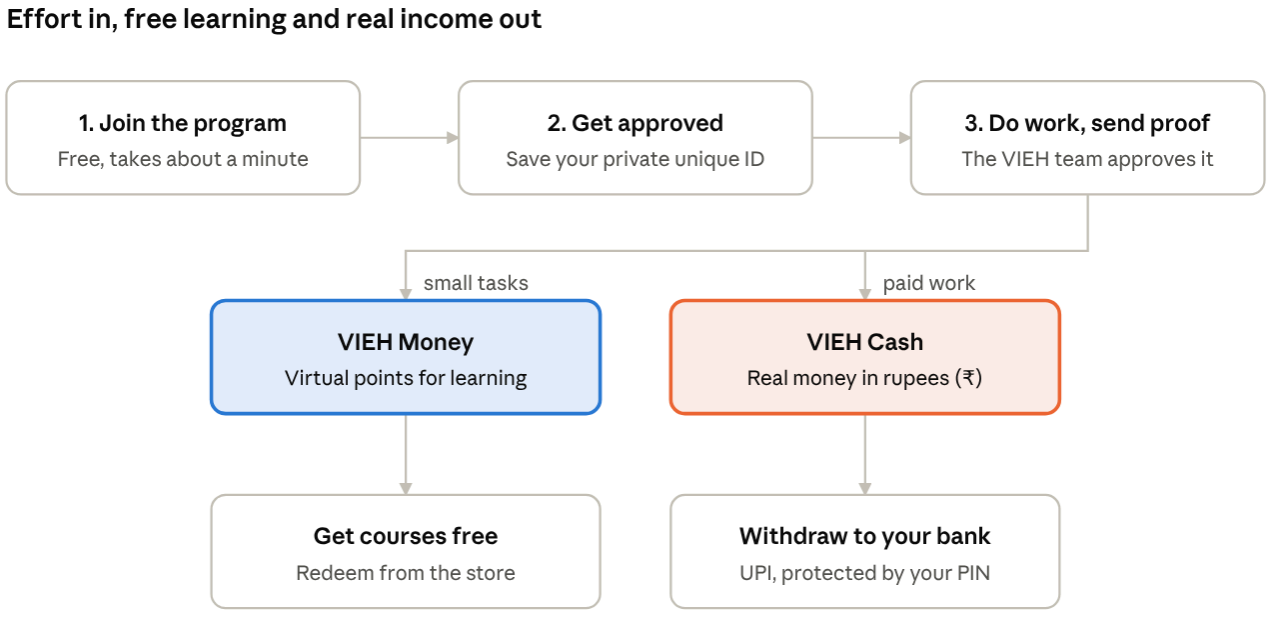

The program exists because money should never be the reason someone stops learning. Effort replaces payment.

Who it is for

- College students who want to learn and earn alongside their studies
- People who can't afford courses right now
- Non-technical people looking for simple, honest work
- Interns, freelancers and anyone wanting extra income or a fresh start

Everything happens on earn.viehgroup.com, where every member has a personal dashboard that shows exactly what they earned, what they used, and how each balance adds up.

How it works at a glance

how the program works · 3 steps, 2 kinds of money

Small tasks earn VIEH Money for free courses; paid work earns VIEH Cash you can withdraw to your bank.

Two kinds of money

Members have two separate balances: VIEH Money for learning and rewards, and VIEH Cash for real income in rupees.

Two balances: one for learning, one for income

VIEH Money Virtual points for learning	150 VIEH
How you earn it	Small tasks and contributions
What you can do with it	Redeem courses, products and rewards
Can it be withdrawn?	No, it has no cash value
How the balance adds up	Earned − Spent = Balance

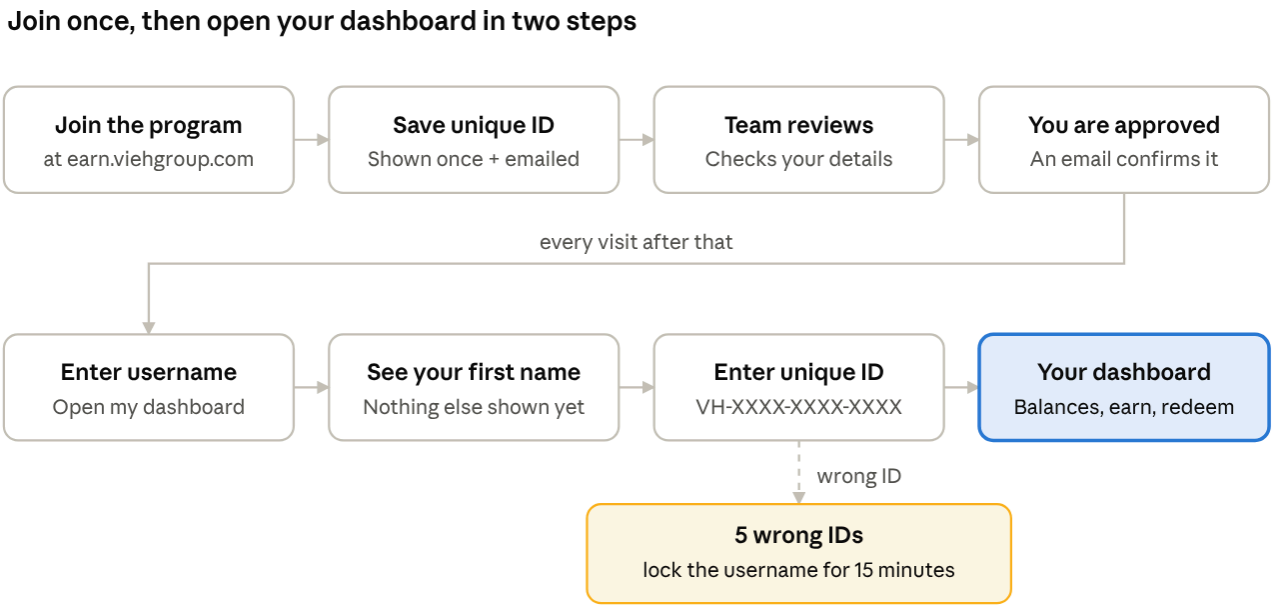

VIEH Cash Real money in rupees	₹500
How you earn it	Paid work with real business value
What you can do with it	Withdraw to your bank via UPI
Can it be withdrawn?	Yes, after the VIEH team approves
How the balance adds up	Earned − Paid out = Balance

VIEH Money vs VIEH Cash

Each balance has its own simple calculation on the dashboard: Earned − Spent (or Paid out) = Balance. Every entry in the history shows its own running sum, such as ₹500 + ₹300 = ₹800, so members can check every step.

Joining and opening your dashboard

Joining takes about a minute; after the VIEH team approves you, you open your dashboard with your username and your private unique ID.

joining and opening your dashboard · 4 steps once, 4 steps per visit

Join the program

1. Go to earn.viehgroup.com and choose **Join the program**.
2. Enter your full name, a username (3–20 letters, numbers or _), your email and your mobile number, and agree to the consent note.
3. You are shown your **unique ID** once, in the form VH-XXXX-XXXX-XXXX. Copy or download it, then tick "I've saved my unique ID". A copy is also emailed to you.
4. The VIEH team reviews your request and emails you when you are approved.

Open your dashboard

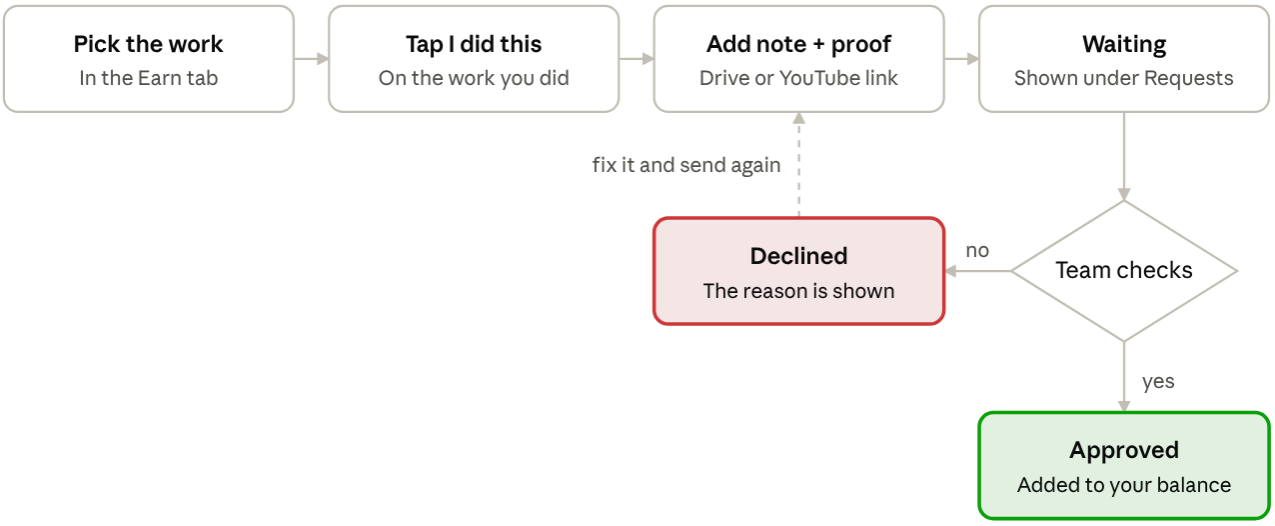

1. Choose **Open my dashboard** and enter your username.
2. You see a greeting with your first name only. Enter your unique ID to see everything.
3. Tick **Remember this device** on your own phone or computer so you don't have to enter it every time.

Keep your unique ID private: anyone who has it can see your account. Five wrong IDs lock that username for 15 minutes. If you lose your ID, contact the VIEH team for a new one; the old one stops working immediately.

Earning

Members earn by doing work from the **Earn** tab and sending a request; nothing is added until the VIEH team approves it.

Nothing is added until the VIEH team approves your proof

earning flow · 4 steps, 1 decision

1. Open the **Earn** tab to see every way to earn and how much it pays, in VIEH Money or VIEH Cash.
2. Tap **I did this** on the work you completed.
3. Add a short note on what you did and, where possible, a **proof link** from Google Drive, Google Photos, YouTube, Dropbox or OneDrive.
4. Send the request. It appears under **Requests** as *Waiting* until it is checked.
5. When approved, the amount is added to your balance and you get a notification. If declined, the VIEH team's reason is shown.

For work that isn't listed, use **Something else** at the bottom of the Earn tab: describe it, choose VIEH Money or VIEH Cash, and enter the amount (up to 1,000).

Example activities

Effort	Examples	Typical reward
Quick (5–15 min)	Introduce yourself in the Telegram group, report a bug or typo, short course feedback	10–30 VIEH
Small (30–60 min)	Translate a post, write lesson notes, design a simple poster, proofread a chapter	50–100 VIEH
Bigger (2–5 hours)	Write a blog article, make a short video, create a beginner guide	150–400 VIEH
Community	Mentor a new member, start a study group in your college	100–300 VIEH

Effort	Examples	Typical reward
Paid work	Data entry, design, content writing, video editing, event support	Fair rate in ₹

The exact list and amounts are set by the VIEH team and can change. A member can have up to 5 requests waiting at a time and can cancel a request while it is still waiting.

Redeeming and withdrawing

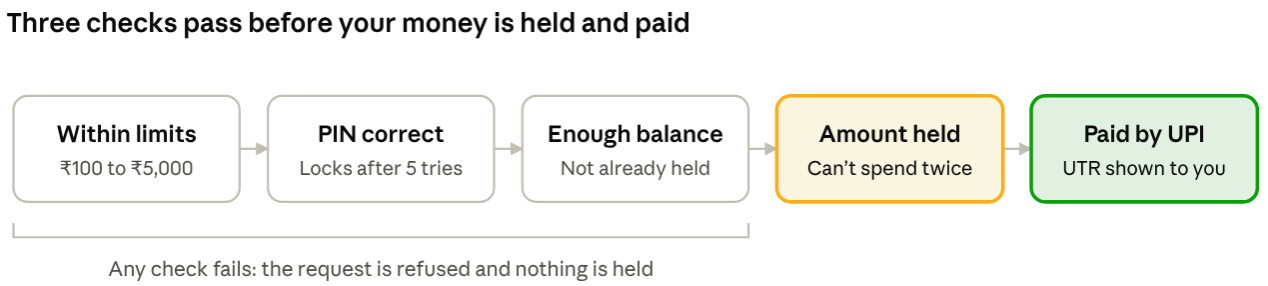

The **Redeem** tab is where members use their balances: VIEH Money for courses and rewards, VIEH Cash for UPI payouts. The amount is put on hold as soon as a request is made, so it can't be spent twice.

Redeem VIEH Money

1. Open **Redeem → Redeem VIEH Money**.
2. Pick a course or reward from the store. Items you can't afford yet show how much more you need; sold-out items can't be picked.
3. Or choose **Something else** and add the course or product name, its link, the amount and the platform (VIEH Group, Udemy, Coursera, YouTube or Other).
4. Add your username or email on that platform so the VIEH team knows where to give access, then send.

Withdraw VIEH Cash

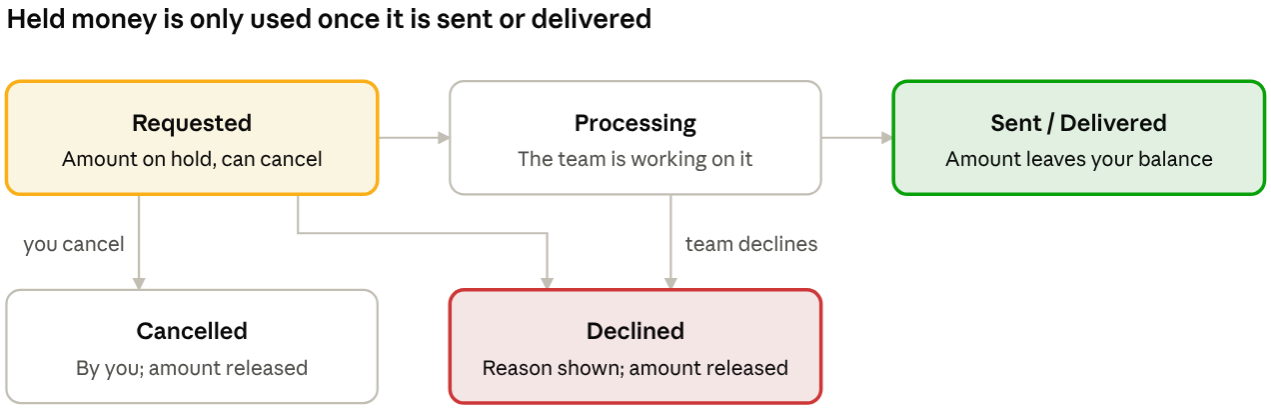

1. Open **Redeem → Withdraw VIEH Cash**.
2. On your first withdrawal, enter your UPI ID twice, the name on your bank account, and create a 4-digit PIN.
3. Enter the amount and your PIN, then send. Later withdrawals only need the amount and PIN.
4. The VIEH team pays you by UPI and records the UTR (transaction) number, which you can see on the request.

withdrawal safety checks · 3 checks, then hold and pay

Limit	Default
Smallest withdrawal	₹100
Largest single withdrawal	₹5,000
Monthly limit per member	None (can be set)
Requests in progress at once	5
Wrong PIN attempts before a 30-minute lock	5

Request status

redeem and withdrawal statuses · 5 states

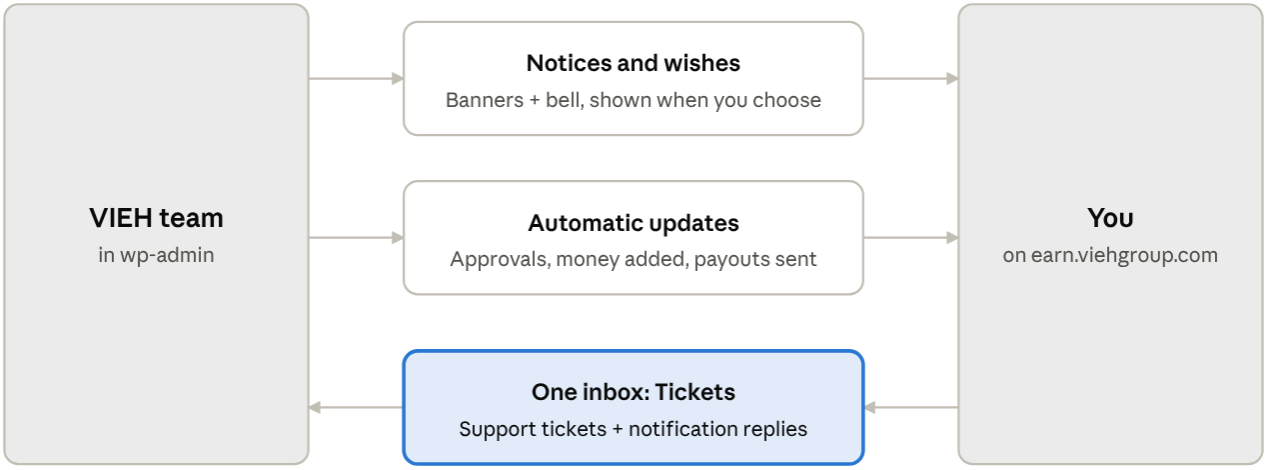

You can cancel only while a request is *Requested*; once the team marks it *Processing*, open a support ticket if you need help.

Changing your UPI ID needs the VIEH team's approval; your old UPI ID is used until then. If you forget your PIN, open a support ticket and the team will reset it.

Notifications and support

Members hear from the VIEH team through the 🔔 bell and can reach the team through support tickets; both conversations land in one inbox for the team.

Updates flow out to members; questions come back to one inbox

When the team replies, you get a bell notification and an email

how members and the VIEH team talk · 2 channels out, 1 inbox in

Notifications (🔔 bell)

- New announcements and wishes appear as banners at the top of the dashboard. Tap **Got it** to dismiss.
- The bell shows the unread count and opens the full list. **Mark all as read** clears it.
- Automatic updates arrive here too: approval, money added, requests approved or declined, payouts sent, and replies from the team.
- Some notifications have a **Reply** button. Your reply and the team's answer appear right under that notification.

Support tickets (Support tab)

1. Choose **New ticket**, add a subject and pick a topic: payment, course or reward, account, a request, feedback or idea, or something else.
2. Choose how urgent it is: Low, Medium, High or Urgent (a money or access problem right now).
3. Write the details and send. The team replies in the same ticket and you get a notification and an email.
4. Close the ticket when your problem is solved, or reply to continue the conversation.

A member can have up to 3 support tickets open at a time and send up to 15 messages a day.

Program rules

The program stays fair only if rewards match real effort, so every request is checked and misuse can lead to a paused or removed account.

Fair use

- One account per person. Duplicate accounts are removed and their balances cancelled.
- Only claim work you actually did, and give honest proof.
- Don't offer, ask for or claim points for likes, follows, comments, reviews or ratings; these break the rules of the platforms involved.
- Referral rewards are only given once the new member is approved and active, not for sign-ups alone.
- VIEH Money has no cash value and can't be sold, transferred or exchanged for money.
- VIEH Group may change the ways to earn, reward amounts, store prices and limits at any time; changes are announced through notifications.

No fees, ever

VIEH Money never asks members to pay to join, to unlock earnings or to withdraw. Anyone asking for money in VIEH's name is not from VIEH; report it through a support ticket.

Privacy and safety

- VIEH stores your name, username, email, mobile number and payout details only to run your account; members agree to this when joining.
- VIEH does not collect ID documents through the website. Identity may be confirmed by a call if needed.
- Your unique ID is stored scrambled and encrypted; your PIN is stored scrambled. Never share either.
- Proof and course links are checked before they are shown, and only trusted sites are accepted for proof.

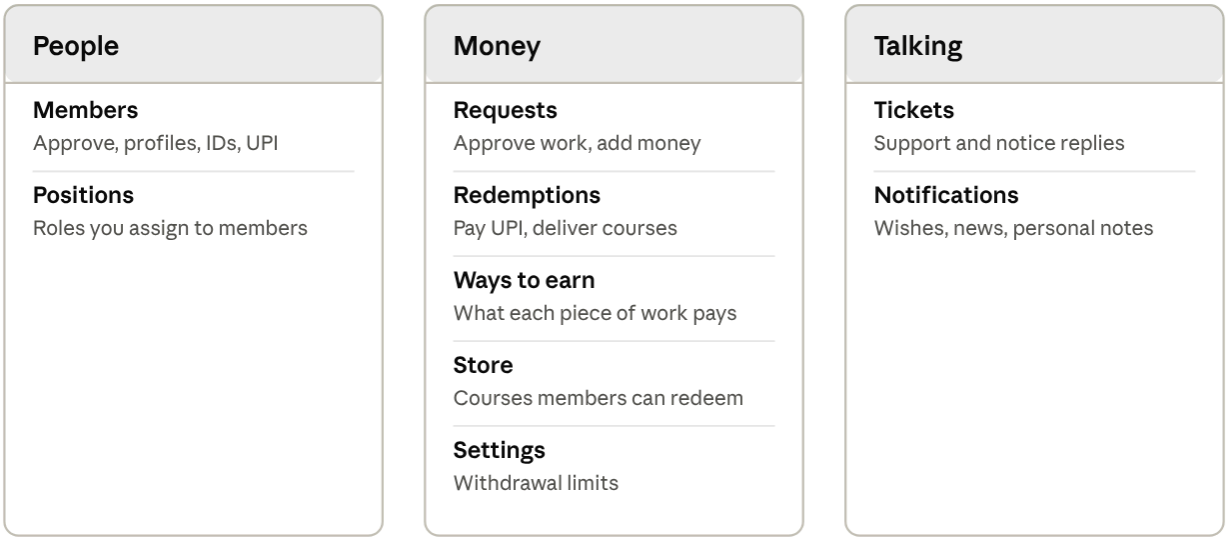

Pausing and removal

The VIEH team can pause an account while checking a problem, or remove it for breaking these rules. Paused members can't send requests or withdrawals until reactivated.

For the VIEH team

The program is run from **wp-admin → VIEH Money**; the number on the menu shows everything waiting for you (new members, requests, redemptions, tickets and UPI changes).

Nine admin tabs in three jobs: people, money and talking

admin tabs grouped by job · 9 tabs

Daily routine (about 15 minutes)

- [ ] Review new join requests in **Members → Waiting for approval**
- [ ] Check **Requests** and approve work with proof
- [ ] Process **Redemptions**: pay withdrawals by UPI, then mark them sent with the UTR
- [ ] Answer **Tickets**, urgent ones first
- [ ] Approve or reject any UPI changes shown on member profiles

Good practice

- Always check the name on the bank account matches the member before paying.
- Decline with a clear reason so members learn what's expected.
- Export Redemptions to CSV every month for your accounts.
- Check with a chartered accountant about TDS and PAN requirements before paying larger amounts of VIEH Cash.
- Keep WordPress, your theme and plugins updated, use HTTPS, a strong admin password and two-factor login, and turn on backups.

FAQ

Does it cost anything to join? No. Joining, earning, redeeming and withdrawing are all free.

Do I need technical skills? No. Many tasks are simple, such as feedback, translation, notes or sharing. Some paid work needs specific skills, and its description says so.

How long does approval take? The VIEH team reviews join requests regularly and emails you once you are approved.

I lost my unique ID. What now? Check the email you got when you joined. If it's gone, contact the VIEH team; they'll make a new ID and email it to you.

Can I turn VIEH Money into cash? No. VIEH Money is only for courses and rewards. Real money is earned separately as VIEH Cash.

How long does a withdrawal take? The team processes withdrawals manually by UPI. You'll get a notification with the UTR number once it's sent.

Why is some of my balance "on hold"? It's reserved for a redeem or withdrawal you requested. It's released if the request is declined or you cancel it.

My request was declined. Can I try again? Yes. Read the reason shown, fix the issue (often missing proof), and send a new request.

I forgot my withdrawal PIN. Open a support ticket; the team will reset it, and you'll create a new PIN on your next withdrawal.

Can I change my UPI ID? Yes, from the Redeem tab. For your safety, the change is approved by the team before it's used.

Contact and links

For help with your account, use the **Support** tab in your dashboard so the team can track and answer it.
